# THIS IS BIGGER THAN BOOKS.

Across our communities, and across our country, we are facing a growing literacy crisis, where too many children lack consistent access to the books, resources, and support needed to become confident readers.

Through innovative, scalable programming and strategic community partnerships, Literacy Without Limits, Inc. delivers high-impact literacy solutions across Florida, providing direct access to books, standards-aligned learning resources, and family-centered literacy support.

With a growing network of Community Literacy Hubs, statewide library partnerships, and digital learning platforms, the organization is building a sustainable model for measurable, community-driven impact, ensuring that access to literacy is no longer determined by a child's ZIP code.

**Our mission:** close the literacy gap by ensuring every child has access to the tools, resources, and opportunities needed to become a confident, capable reader. Through strategic partnerships and community investment, we are developing stronger learners, supporting families, and creating lasting educational outcomes that extend far beyond the classroom.

---

**This is not just about literacy.**

**It's about confidence.**

**It's about opportunity.**

**It's about changing the trajectory of a child's life.**

**With the right voices behind us, this work has the power to reach farther than ever before.**

Founded by Megan Price, a former Title I educator, curriculum developer, and statewide literacy advocate, Literacy Without Limits, Inc. is a 501(c)(3) nonprofit organization dedicated to advancing literacy equity and educational access for children in underserved communities.

# A GROWING LITERACY CRISIS.

Far-reaching impacts of America's literacy crisis.

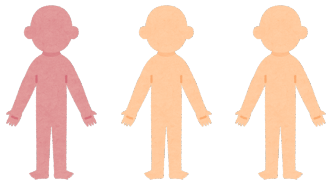

**25 Million**

Children in the U.S. cannot read proficiently.

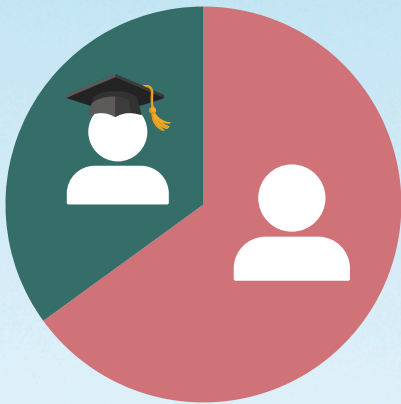

**70%**

Of U.S. 8th graders read below grade level, leading to increased high school dropout rates.

**1 in 3**

Children entering kindergarten lack the basic skills they need to learn how to read.

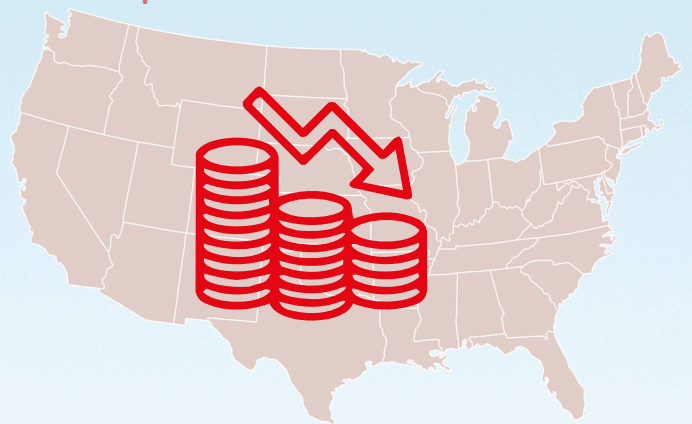

**65%**

of students graduate high school without the ability to read proficiently, limiting their ability to understand, learn, and succeed

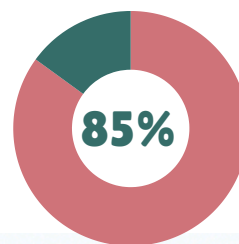

Each year, illiteracy costs the U.S. economy a staggering

**\$300 Billion**

**26 point gap**

in literacy proficiency between White students and their Black, Hispanic, and American Indian peers

**85%**

of juvenile offenders are functionally low literate
